

volunteers, as well as the older adults who visit 'Box Cottage'

MAV 00817

- As a result of our recent application to be included on the "Volunteering Glen Eira" Register. A young Chinese man, (Yun Ma who prefers the name "Ronnie"), has volunteered to set up a web site for the MHS. I'm pleased to tell MHS members, that the MHS has now been approved for the State Library of Victoria's, (SLV), program, "Vicnet". The SLV host this free 10Mg website for "not-for-profit" organisations, and both Box Hill Historical Society, and Knox Historical Society, are using a "Vicnet" website successfully. Although the site is quite small by commercial standards, it certainly will contain a few photographs, and quite enough pages of information to promote both the society and 'Box Cottage'.
