SEPTEMBER TALK BY MR. CURTIS.

Mr. Curtis, well-known Cheltenham school teacher and member of the historical society, was guest speaker for this month. His talk concerned the segregation problems of South Africa, where he had lived until his migration to Australia some five years ago. The address was a very informative one and taught everyone present something about racial distinction-- of which most people are unaware, yet tends to destroy world unity. The talk was an unexpected enlightenment to most members, as Mr. Curtis had been given very short notice and, in fact, was speaking "off the cuff".

OCTOBER DISPLAY AT CHELTENHAM LIBRARY.

The Cheltenham Arts and Crafts Group, which comprises a number of Cheltenham organizations, is preparing a display for the Cheltenham Library. It will take place during the month of October. Paintings, photographs and history are a few of the features which will go to make up the exhibition. City of Moorabbin Historical Society provides the history content.
