IN THE CITY.

Hints for Teachers and Parents

HOW TO USE THESE OUTLINES.

1. These outlines are only one form of expression work for boys and girls doing the Primary Lessons as set out in the Beginners' and Primary Teachers' Handbook.

2. Probably on all Sundays the children will wish to colour in the picture outline.

3. Where a memory verse appears, this also could be coloured and learnt by heart.

4. Where a space is left under the picture, children should be encouraged to write a few lines of a suitable hymn, a Scripture verse of their own choosing, or carry out some other piece of expression work suggested in the Primary section of the Beginners' and Primary Teachers' Handbook.

5. If still more variety is desired, these outlines may be used in alternate quarters, instead of throughout the year. For example, in a department of four classes, two might use the booklet in the first and third quarters of the year, while the other two classes did the same in the second and fourth quarters.
