## MAROONDAH HOSPITAL SOCIETY

It is seven years since the people of this area resolved, with an assurance from the Hospitals and Charities Commission, that a Public Hospital was a necessity and that 1972 would be the target for the commencement of the building programme.

The response from Auxiliaries and Service Organisations was most encouraging to the Management Committee. It is through their loyal support that this year, the first chapter in the history of the construction of the Maroondah Hospital will be recorded.

My Committee welcomes this opportunity to express its sincere appreciation to the Jaycees for their continued support through the staging of an Annual Art Exhibition. The stimulus engendered by this effort, affords an excellent opportunity for all interested in this cultural activity to display their talent.

I congratulate all who are responsible for this most valuable contribution to our community. May success and inspiration be their well-earned reward.

Cr. PETER VERGERS

**RINGWOOD JAYCEES**

Art is a subject which has seen a great deal of change in recent years and perhaps because of the wide diversity of styles and mediums that are currently being used, the knowledge of art takes a place of increasing importance in the homes of many Australians.

In staging the Maroondah Art Show again this year, the Ringwood Jaycees are pleased to have the opportunity to foster a greater appreciation by the viewing public. We have endeavoured to assist and encourage our local artists and to be involved in a real, tangible way, with the development of a community service that is both necessary and worthwhile, namely the establishment of the Maroondah Hospital.

We hope that you will recommend the Maroondah Art Show to your friends, as the success of the project depends upon the extent of public support available.

**DICK GRASBY**
