for Valuable Services rendered to them  
during the past 12 years on his leaving  
Ringwood at any early date which meant  
promotion.

President

Chairman <sup>President</sup> J. W. Wallace said, that during the  
12 years Mr Young had been in Ringwood  
he ~~was~~ had been the main stay of the Socy.  
He was a past President of the Socy & also  
a Vice President. They all knew the value of his  
services which they highly appreciated.

Secy

Mr. J. G. Aird said that he felt that he was  
losing his right hand, had it not been for the  
help he got from Mr Young he would have  
"knew up the sponge." When he had to attend  
a distant meeting and had no means of getting  
there Mr Young had most generously taken him  
in his buggy and ~~later~~ <sup>latterly</sup> in his motor.  
Mr Young had been instrumental in the  
purchase of the Coal Store with no better  
security than the un-called Capital, he had

got them the money. The reduction of Storage charges was equivalent to 50 per cent, and this was a great boon to the growers. He decided to thank him for these and many other kindnesses

had been a hard worker in every movement that had benefited the Town. The able manner in which he had financed the scheme for buying the Cool Store, and the good work he had done in getting Ryeod a Borough. Mr Young had been a source of strength to the fruit-growing industry not only in this district but throughout the State, + it was owing to his exertions that a fruit Dept. was appointed.
