To

The Mayor & Councilors
Borough of Rugwood

Gentlemen.

We the undersigned ratepayers of Rugwood have to bring under your notice that as a result of the recent disastrous flood a menace to public safety exists in the vicinity of our homes as set out hereunder and we respectfully request your consideration of the same at the Meeting of the Council tomorrow evening if at all possible.

The Bridge across the Millum Creek at Harrison Street has been rendered impassable for traffic and decidedly dangerous especially for school children & others who have to use it daily as well as the Tradesmen. It might thus be likely to be people unaware of the danger to whom

There are some large trees blown down near the Bath which we understand can be used for the necessary repairs to put the Bridge in a safe condition.

Thanking you for your anticipated attention to this important matter.

I have been advised that my application
for assistance from the Local Mayor's Grant Relief
Appeal has been successful and I
am enclosing herewith the letter from the
Grant Relief Committee to that effect.

Of all contributions we aware that
I was a heavy loss by the flood, I would
most fully ask that the Council use its
influence to get me some monetary help in
order that I may not be home less than
and make the money around the property
as such a condition that it collect my share.

Thanking you for ~~the~~ contribution
and stay.
