TO LIONS KIDNEY DIALYSIS PROJECT

LIONS CODE OF ETHICS

TO SHOW my faith in the worthiness of my vocation by industrious application to the end that I may merit a reputation for quality of service.

TO SEEK success and to demand all fair remuneration or profit as my just due, but to accept no profit or success at the price of my own self-respect lost because of unfair advantage taken or because of questionable acts on my part.

TO REMEMBER that in building up my business it is not necessary to tear down another's; to be loyal to my clients or customers and true to myself.

WHENEVER a doubt arises as to the right or ethics of my position or action towards my fellow men, to resolve such doubt against myself.

TO HOLD friendship as an end and not a means. To hold that true friendship exists not on account of the service performed by one to another, but that true friendship demands nothing but accepts service in the spirit in which it is given.

ALWAYS bear in mind my obligation as a citizen to my nation, my state and my community, and to give them my unswerving loyalty in word, act and deed. To give them freely of my time, labour and means.

TO AID my fellow men by giving my sympathy to those in distress, my aid to the weak, and my substance to the needy.

TO BE CAREFUL with my criticism and liberal with my praise; to build up and not destroy.

We are grateful to the late Dick Ovenden for his inspiration to hold an annual Art Competition with emphasis on the local environment. Entries this year have exceeded our expectations to an extent that late entries could not be accepted.

The late Dick Ovenden suggested a competition for the best painting of Local Environment. We have donated \$200 as the prize and the picture becomes the property of the Zone, and several Honourable Mentions to be selected by Sir William Dargie. The Artists select their Competition entries.

Zone Lions clubs of Bennettswood, Box Hill, Forest Hill, Nunawading, Ringwood and Vermont are appreciative of support from the artists and thank the public for its continued interest. As profits resulting from the Art Show are to be donated to The Australian Lions Artificial Kidney Machine Fund, I would like to outline some aspects of the project.

Lions Clubs purchase dialysis units for use in private homes which allows the individual to lead a less restricted, more useful and productive life; keeps the family unit intact; is less expensive and more thorough, and avoids the risk of cross infection.

Each Home Dialysis machine costs approximately \$3,500-\$4,000 including installation. The running costs of Home Dialysis is as little as \$45 per week compared with \$400 per week when the patient is on a hospital programme. Home Dialysis treatment also has the advantage that it releases beds in Renal Units for the treatment of the acute cases. As the number of people who can be fitted into a Hospital programme is limited, the importance of Home Dialysis must be acknowledged. With Home Dialysis, many people reliant on Social Services are able to again assume a normal place in the community.

Kidney failure occurs as a result of a variety of conditions. At any time there are between 150 and 200 people of all ages in a state of Renal Failure in Victoria and Tasmania. By spending regular periods attached to the Artificial Kidney Machine, which imitates the normal kidney function, the patient can remain alive and well.

It will be seen that your support of this project positively helps community welfare.

D. I. KIRKPATRICK.

Zone Chairman.
