

1947-1948

## Annual Report of the East Ruzwood Progress Association

In presenting this annual report I would like to point out that although the attendance at our meetings ~~has~~ not been large we have been able to <sup>secure</sup> ~~have~~ the following improvements ~~effected~~ promised.

Direct line to Ruzwood Exchange from booth at E.R. P. Office.

Telephone booth at the East Ruzwood Pk. Station

The attitude of the Ruzwood Borough Council has been drawn to the bad approaches to the East Ruzwood Station but owing to the streets being private no action can be taken as yet.

Wraith road has received attention part of Dublin Road has been remade. Public meeting was called in the Ruzwood Small Hall to discuss Sunday Sport but owing to poor attendance no further action taken.

The functioning of the Committee of Management of this Reserve has commenced with good ~~prospects~~ <sup>to the management</sup> of excellent improvements in the future. Several efforts have been made by your association to have the mounds of earth in part of the ~~properties~~ <sup>new road</sup> on Fairside of Mt Dandenong Road, but as yet they still remain an eyesore.

The footpath in part of the Club Hotel is not yet discernable although asked for several times by your association a Double line was requested of the C.R.B. through your local Council at that bend of Mt Dandenong Road near Culvert this side of Braendle Avenue but as yet no double line is visible a Donation was given to the East Pinguoid Tennis Club for a trophy & one was voted to the E.R. Club but not paid this I suggest ~~could~~ be paid this coming year.

Several small improvements have been effected to drains, footpaths, roads & culverts as a result of your associations activity & we look to further results this year.
