MAROONDAH HOSPITAL SOCIETY

It is with a deep appreciation that I welcome this opportunity of expressing my sincere thanks to the Ringwood Jaycees for their support to the proposed Maroondah Hospital.

The effort in staging this Art Exhibition, which has developed into an Annual project, deserves every commendation, not only because of the enormous amount of organization and work involved, but also for the provision of a worthy Cultural requirement in our Community.

The Maroondah Hospital Society look forward to this year as a year of promise, a year in which it is expected definite decisions will be made towards the establishment of the Hospital Project.

In expressing the wish that this Exhibition receives the support it so richly deserves, may I once again thank you and all who support the Hospital activities, for the stimulus generated towards the growing and continuing interest in this Hospital venture.

RINGWOOD JAYCEES

Art is a subject which has seen a great deal of change in recent years and perhaps because of the wide diversity of styles and mediums that are currently being used, the knowledge of art takes a place of increasing importance in the homes of many Australians.

In staging the Maroondah Art Show again this year, the Ringwood Jaycees are pleased to have the opportunity to foster a greater appreciation by the viewing public. We have endeavoured to assist and encourage our local artists and to be involved in a real, tangible way, with the development of a community service that is both necessary and worthwhile, namely the establishment of the Maroondah Hospital.

We hope that you will recommend the Maroondah Art Show to your friends, as the success of the project depends upon the extent of public support available.
