Breakdown of Hornsby Plant. The Secretary reported that the main Crank on the Twin Hornsby Engine had broken in the Journal on Friday morning February 15th and that after consultation with the Chairman Mr. H. Pump & W. Mackinlay together with the Engineer it had been decided to instruct the Avon Engineering Coy to effect immediate Repairs to enable one half of the Engine to run this power with the Crossley Engine would enable the Store to be run until such times as a new Crank Shaft could be made and fitted to the Engine. These repairs had been completed on the evening of February 16th.

Resolved that action be and is hereby Conformed

The Engineer reported that he had immediately got into touch with Ruston Hornsby Ltd who had cabled England to ascertain the lowest price and the earliest possible date that a new Crank could be supplied also that day he had phoned this firm's Melbourne Office which advised that no reply had been received to their enquiries. He had also got into touch with Thompsons Engineering Coy of Castlemaine who was going into the matter, no advice having been received he had phoned their Melbourne Office which advised that the quotation had been posted from Castlemaine and would probably be received next morning. They also advised verbally that the cost would be approx £250 for Supply of a Mild Steel Crank or £265 - for an Axle Steel Crank which was considerably stronger

Resolved that the matter be left in the hands of the Chairman and Secretary with the suggestion that the tender of the firm giving earliest delivery be accepted

Accounts
for
Payment.

Resolved that seven Payments totaling £173-5-4 be ratified (General Account)

Apology for absence received from
Mr. H. Thatcher.

Minutes of Previous Meeting were read
and Confirmed

Breakdown of Store Plant. The Secretary reported that - at about 5. am on the 23rd inst - some portion of the Crossley Gas Engine had failed resulting in a very bad smash the Engine being practically beyond Repair. The Piston and Fly Wheel were completely shattered and the flying portions had brought down all the Girders also the brine and water pipes. Portion of the wall of the Engine Room and the landing stage for No 1 Battery Room was shattered. The cast iron bed of the Electric Generator was broken the machine forced out of alignment and the concrete bed broken. Slight damage was also done to the Hornsby Engine through the falling Girders. The second engineer Mr O' Dwyer was in charge at

the time attending to the Engines both of which were running. It was very fortunate that from the position he was in that he received no severe personal injury. The matter was immediately reported to the Engineer Mr. A. J. Farn and the Secretary.

The Members of Committee were advised and met in the Engine Room about 7.30 am. After inspection of the damage consideration was given as to the best means of handling the fruit in Store. The majority being W.B.C. Pears and Plums it was felt that temporary repairs could not be effected in time to hold this fruit. Therefore it was decided to immediately advise all Shareholders who had fruit in Store to remove same to some adjacent Store until the necessary Repairs could be made to the Hornsby Gas Plant and running resumed.

Resolved that this action be and is hereby Confirmed

~~Electricity~~ Mr. Wilkinson of the Electricity Commission attended the meeting and submitted a lot of information as to the estimated running Cost and Installation to Substitute Electric Power units for the damaged Gas Plant.

A vote of thanks was tendered to Mr. Wilkinson

Resolved That a Special General Meeting of Shareholders be held in the Town Hall on Tuesday March 5th 1929 at 8 pm to consider the position arising from the breakdown of the Elsie Plant.

A free discussion ensued on the information supplied by Mr Wilkinson and further consideration was deferred until some future meeting

Confirmed

Minutes of the One hundred & fifty fifth
Committee meeting of the Ringwood Co-operative
ool Stores Society Limited held at the
Secretary's residence Main Rd. Ringwood
on Tuesday March 4th 1929 @ 8 p.m.

Present-

Messrs. H. Purnell, J. H. Barrett, H. Mackinlay
& J. M. White

Apology for absence received from
Mr. H. Thatcher

Minutes of Previous meeting were read
& Confirmed

Correspondence read & received

The Secretary reported that the tender
of Thompsons Engineering Coy of Castlemaine
for the Supply of an Ascle Steel Crank for
the Hornsby Engine had been accepted
delivery approx March 26th 1929. Since
this work had been put in hand
the position as to early resumption
of running had become very acute
on account of the Crossley breakdown
Thompson's Engineering Coy had been
approached with the view of obtaining
earlier delivery. This firm after going
into the matter advised that the
extra cost by working overtime
would be approx £80 for delivery
on March 16th 1929. making it
possible to resume running 10 days earlier

Resolved that Thompsons Engineering Coy be instructed to proceed with the work on an overtime basis with utmost despatch. This Society paying the extra cost of same.

The Secretary reported that Thompsons Engineering Coy had been instructed to cast a new bearing in place of the bearing damaged when the Crank Shaft broke. also re bore the other bearings for the new Crank Shaft and instal same. This work to be charged up at Cost.

Resolved that action be and is hereby confirmed.

Special
Meeting

Resolved that the Secretary prepare a report for submission to the Special General Meeting of Shareholders on Tuesday March 5th setting out the position regarding both break down of the plant, the financial position and stating that the Committee had made arrangements in the interests of Shareholders for the immediate carrying out of the necessary repairs to plant for a resumption of running at the earliest possible moment.

The Secretary reported that Ruston Hornsby could not supply a new Crank Shaft

from England under from twelve to fourteen weeks, which would be too late for resumption of running this season.

Transfer of Shares Resolved that the transfer of 180 Shares from E. Greenwood to A.J. Auld be and is hereby approved.

Scrip The necessary resolution having been passed for the sealing of Scrip Certificate No 438. The document was duly signed and the Seal affixed thereto in the presence of Messrs H. Pumps, J. W. Barrett and the Secretary.

Gale of
Crossley
Engine

The Secretary reported that after consultation
with the Chairman and other members
of Committee an offer of £9 for the
Broken Crossley Engine subject to its
being removed from the Store premises
by the Purchaser within Seven days,
had been accepted.

Resolved that action be and is
hereby approved.

Special
Meeting

The Secretary reported that in accordance
with the resolution carried on 24th
February last the Special General Meeting

of Shareholders had been held on March 5th last. which was exceptionally well attended. the Report and Recommendations of the Committee was well received and adopted by a large majority.

New Crankshaft. The Secretary reported that- the new Crank shaft had been received from Thompsons Engineering Coy on March 15th last: being a splendid job. and satisfactory. Unfortunately however many small troubles occurred during the fitting and installation with the result- that- the plant did not resume running until March 21st. After an exceedingly satisfactory run. Fuel was taken into store on March 22nd. The run since had proved entirely satisfactory.

Resolved That- the report be received and adopted.

The Secretary reported that- Thompsons & Coy Account had been received which at first glance appeared high, however on calculating their fitters time on the job allowing for overtime penalties it was found that- the time worked out at 188 hours ordinary time therefore the charges made were not excessive. To make the position clear he had written to Castlemaine requesting further details as to the charges for work done at Castlemaine and what was for work done at Ringwood.

Resolved that the Secretary's action be and is hereby confirmed.

Resolved that when the reply was received from Thompsons Engineering Coy if satisfactory that the account be paid.

Resolved that when cheques in Settlement of Accounts are forwarded to Thompsons Engineering Coy and The Avon Engineering Coy. That the Secretary write those firms expressing appreciation of the way their respective firms attended to the installation of the Crank Shaft.

Space Rent.

Resolved that a Rent Rate of One Shilling and Ninepence be struck per case Space be struck for the year ending on June 30th 1930 Payable. Eightpence per case Space on or before May 1st 1929. Sevenpence per Case Space on or before August 1st 1929 and the balance viz: 6 per case Space on or before January 1st 1930

Deferred Payments to State Treasurer

The Under Treasurer wrote advising that the State Treasurer had approved of the Redemption Payments under loan of £8000 due on July 1st last being deferred thereby extending the term of the loan to July 1st 1940 under certain conditions and requesting that he be advised of acceptance under Seal incorporating the conditions

Resolved that a reply and acceptance be forwarded under Seal and embodying the conditions

The necessary resolution having been passed the document was duly signed and the Seal affixed thereto in the presence of Messrs Pumps and Mackinlay together with the Secretary

23rd, July, 1929.

The Under Treasurer,
The State Treasury,
MELBOURNE.

Dear Sir,

re Loan Repayments.

I have been directed to acknowledge receipt of yours No 2751 of the 20th, inst and to hereby acknowledge and confirm the conditions outlined therein re deferment of Loan Repayment due by this Society on July 1st 1929 as follows:-

1. The Government reserving the right to vary the extent of the concession at any time if, in its opinion, the business of the Store justifies such action.
2. The next payment of £ 480 due under the existing Agreement, to be made on 1st July, 1930, and like payments thereafter each twelve months. The last payment to be made on 1st July, 1940.

The Treasurer's suggestion that my Society should give consideration to the adjustment of charges during normal seasons has received very serious consideration by my Committee and it is hoped in the near future to build up such a fund. My Committee had to provide for an additional expenditure on Repairs and Replacements during the year ended 30th June 1929 of upwards of £ 2700 and will have to make provision for over £2000 during this financial year, representing approximately (2/-) two shillings per case-space in addition to providing for usual Working Expenditure, Interest, and Sinking Fund.

Given under the Common Seal of the Society this twenty-third day of July 1929.

H.P. Chairman.
W Mac Committeesman.
Secretary.
J.H.S.

Transfer of
Shares

Resolved that the following transfers of shares be and is hereby approved.

H. Elder to J.P. Wicks 400 shares

A.Y. Elder to M.M. Wicks 214 shares

Scrip

The necessary resolution having been carried for the sealing of Scrip Certificates No 439 and 440. The documents was duly signed and the seal affixed thereto in the presence of Messrs J.W. Barrett and H. Thatcher together with the Secretary

New Plant

The Engineers Mr. A.J. Gamm submitted approx statements of cost of annual running expenses of Electric Power and Power developed by Crude Oil Engines showing a large margin in favour of Crude Oil after making allowance for increased cost of installation and heavier annual depreciation

Resolved that when the necessary financial arrangements could be made that a Crude Oil Engine be installed

The Engineers then submitted figures showing the relative cost of supply and installation of different types and makers of crude oil engines. The 120 H.P. Twin Oil Engine offered by Ruston Hornsby appeared the one most suitable to instal on the position also the best suited to the requirements of the store

Issue of
Debentures

Resolved that- The Secretary prepare and issue a Circular to all Shareholders with the view of raising the Capital required by a Debenture Loan of £ 1700. in £ 10 or Multiples of £ 10. bearing Interest at 8% per annum payable half yearly

Resolved that subject to the necessary financial arrangements being made that a 120 H.P. Ruston Hornsby Crude Oil Engine be installed subject to the satisfaction of the Engineer
