Flagstaff Hill would like to formally give these items to the Stawell Historical Society in exchange for a formal letter of acceptance.

A member of the Stawell Historical Society, David Francis, has viewed some of the woodworking tools and toolboxes. As he currently travels between Warrnambool and Stawell on a regular basis, he has offered to collect these items, should the Stawell Historical Society decide to accept this offer.

A time can be arranged that is convenient for you or an authorised member to view and/or pick up these items from our Collections Room.

Kind Regards

Justin Croft,
Curator, Flagstaff Hill Maritime Museum and Village
