Visitors 44 Since last meeting also
 Students 31 Names added to the Roll Books of the several lecturers

Suggested
 That R. W. Newman Esq be asked
 to act as Hon. Correspondent

Resolved

That the Examinations for
 Engine-drivers be shortened

*For consideration
 of the Council*

That Examinations be held elsewhere
 than at Bathurst, under supervision

Not considered

A Boy (Banie - son of one of the Students
 had been employed as Ass^t Porter @ 8/- per week
 but the rate is considered too low. authority wanted
 to increase the pay from commencement of service
 to 9/- per week. Approved

Free carriage of Books &c

H. M. Government has authorized the free use of
 the Railway for facilitating the transmission of Minerals
 of Specimens &c - also the Lippes and Steam Draying Co.
 the free freight for their Steamers - and it is thought
 that Messrs. Pitt & Co will grant The School a
 similar boon.

Lecturer in Mineralogy

Success had not yet attended the efforts
 made to secure a suitable gentleman.

It was Resolved

That an Honorarium of £50 be paid to Mr.
 Barnard for his services for the quarter ended 30 June
 last and that in future an Honorarium of £50 for
 every further period of three months service be paid to
 Mr Barnard

It was Resolved

That an Honorarium similar in amount to
 that payable in respect of the first Class in
 Metallurgy be paid to the Metallurgical Lecturer
 in respect of the second Class.

It was Resolved

That Mr. Elery be requested to deliver
 a lecture on a subject allied to Mining, and
 that The School undertake all expenses in connection therewith.
