Moved by Councillor Birkett  
 Seconded by do Madam  
 That the above Ases be paid  
 Carried

The Registrar brought under notice  
 That an Engine Driver holding 2nd Class Certif.  
 had presented himself recently for  
 Examination for 1st Class producing  
 Testimonials at same time that he  
 had during the period of the holding  
 viz 1 year discharged his duties offici-  
 ally, and satisfactorily to the Engineer  
 under whom he had been employed.

A doubt had arisen as to  
 Whether or not the duties so discharged  
 should necessarily be at or about  
 Working Engines

It would therefore be desirable  
 to settle the point. Decided in terms of Statute.  
 also  
 That a 2nd class Engine Driver now in  
 N.S. Wales desired to proceed to 1st Class  
 also  
 That it appeared advisable to add the  
 German Language to the Curriculum
