Report of Observations on Underground Temperature

Mr Lewis General Manager of the New South Clunes Company Ltd. Clunes, had furnished a Report, which was forwarded by last mail to Prof. Everett

One of the Thermometers (Regnier & Zamboni, make) had been broken which the Company had offered to replace - steps had accordingly been taken to obtain a new one.

Further Grant in aid

Mr James Mt. had accompanied the Registrar to the Minister of Mines on the 6th Inst, and obtained a promise of £300 certain (and probably more) of the sum of £500 placed to the Additional Estimated
