The Registrar reported

That the Contractors for the Gallery had commenced on Tuesday since when they had made good progress

The Hon. Architect had suggested making use of the Pendants now in Hall instead of a low light to illuminate the Hall. A new double banner or arms bearing banner at either end being required new. Further that all the banners be replaced by the new 'patent' also that Gas be laid on to the rooms outside of Hall, and that in Registrar's Office lengthened also that the whole of the ceiling be whitewashed.

Four lengths of Gas pipe 3" had been procured from the Board of Albion Council & since last meeting Examination had been held both in Scientific and Practical Subjects.

The Registrar suggested

That the Council be summoned for the 23rd on which day it was expected the President would be in Ballarat the usual day of meeting would be the 16th inst.

That leave of absence for the Term be granted to Student Est. Gatliff in consequence of his accident.

That additional insurance to the extent of £500. £500 be effected on Buildings & contents by floating Policy "new for £500.

That the Lecturers in Mechanical Engineering and Surveying be allowed Double Classes even altho the Students in other ^{of these} Branches of the School do not exceed 72 the maximum for 7 class.

That Mr. Hon. the Chief Secretary be requested to intimate to the Agent General that Mr. Swan Day has been appointed Hon. Comsp. for London.

It was resolved not to interfere with the ordinary course of the Meeting of Council

That leave be given to Student Gatliff

That the add'l Insurance be effected

That the double Classes be approved

That Messrs. Jonathan Robinson and C. W. Thomas be respectively appointed pro-tem, until the meeting of the Council, Lecturers in Mech. Eng. & Surveying

That Mr. Swan's Minerals be not purchased

That Mr. C. S. C. Singleton's attention be directed to Registrar's letter of the 20th May last, which is in effect the Certificate intended to be given
