Dividing Fence - N. side of Reserve

It was resolved - That (contingent on the
 concurrence of the Committee) a sum of £15 be
 paid to the Trustees of the Wesleyan Church towards
 expense of erecting Dividing Fence: this Council being
 of opinion that a Fence suitable ^{to the requirements} so far as the
 School is concerned - could be erected for £30:
 and that the Trustees of the Church Property were
 scarcely justified in expecting the School to pay
 a moiety of increased cost, not having been
 invited to consider estimates and tenders.

Reward - Theft of Quicible &c

The Registrar proposes to inform Mr. Colinton
 that £5 would be paid on recovery of Quicible
 or conviction of Thief - but Reward not to be paid.

Deputation to Min. of Mines.

The Chairman if possible to accompany Registrar
 and Messrs. Island, Wynne & Fother, who are to be
 invited to attend with the District Members, to
 urge on the Minister the Claims of The School
 in the matter of the Lyttelton Docks.

J. Maclellan
