Since last Meeting thirty-four visitors
one new Governor and fifteen fresh Students
have been added to the lists

Water Service. It was resolved
That Water be laid on to the Cottage
and that (if possible) a 2nd hydrant be
fixed and 90 ft. of hose be obtained for
use in case of Fire.

Application for Building Grant

The Registrar pro tem reported that
he had as directed by the Vice-President
interviewed the Hon. the Minister of Mines
and the Hon. the Commr. of Public Works on
this matter: and had been informed that the
Government would not consent to increase
the additional Estimates by a similar sum
(£500) submitted for the Bardiyo School
of Mines; but that during the recess
the Minister of Public Works would
visit this Institution to determine as
to the propriety of placing a sum
on the Estimates 1879-80 for Building
Purposes on the site of the School.
