

Mr Caselli reported:
re Committee "Mr Flude's appointment"
That the Committee had decided that
Mr Flude's offer be recommended for acceptance
Mr Bickett thereupon moved
Mr Caselli seconded
That the Report be adopted and Mr.
Flude be appointed Lecturer in Chemistry
Metallurgy and Botany at the rate of £450
p Ann. the engagement to be from Term to
Term, and approved Agreement to be signed.
Carried

Mr Caselli moved
Mr. Hoelscher seconded
That Mr Krause be appointed Curator
of Museum and Lecturer in Geology (including
Paleontology), Mineralogy, Magnetism, Electricity
& Scientific Mining
and Geological & Topographical Surveying at
the rate of £240 p Ann. the engagement
to be from Term to Term, and approved Agreement
to be signed
Carried

Mr Caselli moved
Mr Bickett seconded
That the appointments of Messrs.
W. St. Shaw, J. H. Thompson and W. D. Campbell
in Mechanical Engineering, Practical Drawing
and Telegraphy, respectively be confirmed
on the terms and conditions now existing

re Mr J. A. Sharpe late lecturer in Surveying
Mr Bickett stated that Mr Sharpe had
requested him to submit his claims for
further compensation to the Council for their

favourable consideration, and furnishing
reasons why a Bonus might be voted
to him. The Registrar was directed
to write to Mr Sharpe informing him
that there were not any funds available
for thus recognizing past services of
a lecturer, the Grant-in-aid being for
the maintenance of The School.

Rev. W. Henderson moved
Mr Campbell seconded

That a third class Certificate
as Driver of other than Winding Engines be
granted in the recommendation of the Examiners
to Candidate George Reeves.

Pyrites Works

Mr Caselli stated that he was not
prepared with any estimate of cost of
completing the works: so it was decided to
remit the matter to the Administrative Council
for report.

Prizes for Design of Bridge

Mr Caselli stated that to encourage students
he had offered some prizes to be competed for
by students of The School in Mechanical Engineering
for the construction of a Bridge when to
exhibit the model of Locomotive & Tender
placed in The School on behalf of the masters
apprentices in the Phoenix Foundry Co. Ltd. Ballarat

That the Designs having been judged and
the Prizes awarded, nothing remained but to present
