List of selected Manual Arts Students.
- S. 446
24.2.1921 From the Stawell School of Mines
Requesting Enquiry re Government Grant
of salaries paid to office staff.
Moved by C^r Herman,
Seconded by C^r Sederman :-
That the correspondence be received.

Carried.

Vice-President Vickery suggested that the donation from the Ballarat Chemists' Association be used as the nucleus of a scholarship fund and be allowed to accumulate for three years for this purpose.

With regard to Mr Vernon's enquiries, it was decided to consult Mr Martin and to act on his suggestions.

It was resolved that a copy of last year's balance sheet be forwarded to the Principal of the Stawell School of Mines

A resolution

Much interest was taken by the Council in the exhibition of several samples of pottery were made from local clays, and a resolution was unanimously adopted expressing appreciation of the work which had been carried out by Miss Field and Mr Callister in this department of the School's activities.

A vote of thanks was unanimously accorded to the chair
