Ballarat School of Mines

Dear Sir

I would again draw attention to the urgent necessity for a caretaker in the Junior Technical School.

The School opens for the purpose of enrolling students next Wednesday and it is essential that some arrangements be made for cleaning before then.

I have both written to and interviewed the Department personally and the answer received is that this is a matter for the School Council to be paid for out of the grant.

I have talked the matter over with Mr Strelsdine and he will discuss the various suggestions with you at the Council meeting.
