The Report of the Inspectors on the work of the

Junior Technical School was received.
At the close of the ordinary business, the Council was addressed by Mr Gay, the representative of the Education Department and ex-principal of the Forestry School at Creswick, in connection with the proposal to plant trees on waste lands, the main object of the scheme being to raise funds for Technical and other Government Schools. The Council unanimously adopted a resolution in favor of the scheme and promised to discuss the matter further at the next meeting.

W. Middleton
President
23/3/1923.
