27th. April, 1923.

L. St. G. P. Austin,
Registrar

(Handwritten signature)

That Mr. Duncan be required to pay half-fees.

The Council then considered the matter of filling the position of Registrar and the applications of the four gentlemen (viz Messrs. Carney, Eiby, Manger and Robinson), who had been previously selected by the Finance Committee to be interviewed by the Council, were read. It was agreed that the selection of a candidate should be made by ballot and that the voting should be carried out by a process of elimination. The four applicants were then interviewed and the ballot conducted. The attached paper gives the details of the votes recorded and shows that the Council's preference was given to Mr. J. B. Robinson. His election was confirmed by the following resolution: Moved by Councillor Tullock Seconded by Councillor Fitches

That, subject to the approval of the Hon. the Minister of Education, Mr. J. B. Robinson be appointed to the position of Registrar of the Institution as from 1st May next.

It was also resolved that the salary of the position be paid at the rate of £372 per annum, rising by annual increments of £24, to £468 per annum
