It was resolved that the Art Library and the Junior Technical school Library remain as at present and that the organization of the Science Library be left in the hands of the Principal and Registrar.

In discussing the introduction of a Bookstall, as mentioned in the Report, it was estimated that material costing £1000 per annum could be supplied to <sup>students in</sup> most departments of the school at a saving of the labor at present involved, with the possibility of an annual income as sent from the Bookstall. This arrangement did not meet with the approval of all the departments concerned, and the matter was allowed to stand for the time being.

8-9-27 Finance (contd)

It was resolved that Mrs Degaris' services be dispensed with at the end of the current year and that this position in the office be not filled.
