Special Meeting (contd.)

It was decided to obtain lists of students' parents from Head Masters of the High Schools in order to get into touch with boys of an intermediate University standard who are leaving school at the end of the current year.

It was suggested that variety should be included in the material for newspaper advertisements and paragraphs for the news columns.

It was also suggested that groups of selected pupils attending the State Schools should be invited to the school laboratories to witness short demonstrations and lectures as propaganda work during 1931.
