✓ Hedley Brown

As recommended in the Anti-Principals' Report

(Bus Hill - Heathcote)

VISITING COMMITTEE Busberry reported on behalf of the Visiting Committee. The Engineering and ^{the} Lecture Rooms were visited during the month. Classes were, in most instances, well attended. It was noted that, whilst there was much to be gained by boys attending the classes, those outside the school were not generally interested in the higher grades of work of their own vocations.
