The Art Principal's Report was read, received and adopted. Received (Mrs Jones & Fiffelk)
Adopted (Mrs Hornabrook & Keathoke)

The Visiting Committee's Report was given verbally by Mr Barrow.

He said that he and Mr Keathoke had visited the evening classes and were very pleased with the increased numbers in the Carperky and Plumbing classes. The students appeared very keen on their work and both instructors had expressed their satisfaction with them.

In the Art Metal department there were very few students owing to it being an odd night but in the Art School classes being held that night were larger than during last year.

He said that they thought that considerable improvement could be made to the grounds and seeking accommodation at the rear of the main building. The Principal said that the large trees were the principal cause of the trouble and they were being taken so have them dealt with and the seats repaired.
