

Students' work in this Department was a very fine thing and speaking for himself as a recent member of the Council he was greatly impressed and felt that it was the duty of every citizen of Ballarat to stand behind the school and do everything possible to support it in the splendid work it was doing. From there they visited the Blacksmithing andoxy-Acetylene Welding Department and the Pottery Department. In the latter seven students were at work on some very interesting models. On the whole they spent a very interesting and enjoyable evening.

The Visiting Committee's Report was received.  
(Mrs Hoff & Jones)
