on Monday, 11<sup>th</sup> inst. It was rather a  
poor day as many classes were not  
in session. In the Art School they found  
students busily at work and all  
appeared to be very keenly interested.  
In the Dressmaking School a number of  
girls were hard at work arranging  
the exhibition of garments made by  
the School's Social Service League for  
local charitable institutions. The  
efforts of staff and students were  
highly commendable and were deserving  
of every encouragement. The pounds  
were then inspected and were found  
to be generally in good order, and  
~~was~~ in marked contrast ~~with~~ the  
appearance of the school's surroundings  
a few years ago. The Machine Shop  
classes consisted of trainees who were  
busy at work.

The report was received on the motion of  
C. Sutton seconded by C. Middleton.

Business. Equipment Grant and New Boiler.

Reports. The Principal outlined the procedure  
with reference to the purchase of  
equipment with the special grant made  
available each year and said that  
no reference to a new boiler had been  
made by the Education Department  
until after schedules of equipment  
for the Assay and Mechanical Engineering  
Departments had been submitted.

The Department had been notified
