minutes

Students' Lockers

The Principal reported that students' lockers in the main entrance were being repaired.

Foremanship Classes.

The Principal reported that these classes were being continued under C^{rs} Robertson, a member of C^{rs} J. P. Blundell's staff at Melbourne Technical College. C^{rs} Blundell would not be able to conduct any classes out of Melbourne this year as his work there had increased considerably.

Arrangements would have to be made with the Education Department for the employment of C^{rs} Robertson and he (the Principal) intended visiting the Department next week.

Regulations 37 and 41.

The Registrar reported that he had carefully read both regulations and had prepared a list of sections in both regulations governing the powers of Councils. In his opinion the powers of Councils had not been diminished by the new regulations.

It was resolved that the Technical Schools' Association be requested to supply particulars of the sections in Regulation 41 which are objected to by certain school Councils.

(C^{rs} Lederman & M^r Hutcheson)
