the Commercial. ~~From there~~ They then  
inspected the Physics, Printing, Plumbing,  
Carpentry, Blacksmithing, Welding,  
Machine Shop and Chemistry departments.

They reported that the walls of  
the Typewriting Room were very drab  
and needed repainting. The Carpentry  
workshop was poorly lighted  
and needed additional lights.

They found the Physics Department  
in excellent condition and were  
greatly impressed by the good work  
being done in both the Plumbing and  
Blacksmithing Departments.

The Chemistry Department was in  
a bad state and in their opinion  
much remained to be done to improve  
the appearance of the lecture room  
and laboratories.

The report was received on the  
motion of C. S. Fair & Lynch.
