Blacksmithing Examinations

Mr. Bealand reported that at the recent examination in Blacksmithing Grade III, a student was penalised owing to the equipment in the school not being adequate for the job to be done. He suggested that next year it might be possible for the practical examination to be held in a local shop possessing the necessary equipment.

It was decided to keep the matter in mind for next year's examination.

Letter of Introduction under Seal

The President said that Mr. M. B. John intended visiting the United States of America early in 1945 and had offered to inspect Technical schools in that country.

It was resolved that Mr. John be given a letter of introduction under seal to take with him.
