of the Muster Plan to be proceeded with. (Mrs Nicholson & Wilson)

Art School Staffing

The President reported that following the receipt of applications for the position being vacated by Mr. Sengrove Mr. Jolly, Assistant Art Inspector had visited the school and had discussed the matter. Mr. Jolly recommended that Mr. J. Hennessey of Bordialto High School be interviewed. This was done but it was found that Mr. Hennessey did not possess the required qualifications for the position. As none of the other applicants possessed the required qualifications the Finance Committee recommended that the Education Department be requested to extend Mr. Sengrove's appointment and to authorise the appointment of a junior assistant in the position formerly occupied by Mr. A. E. Williams.

If this procedure were agreed to it would enable enquiries to be made regarding three other possible applicants. The position occupied by Miss Eigg had been re-advertised and had also been advertised in New South Wales, South Australia and Tasmania.

It was resolved that the Education Department be requested to extend Mr. Sengrove's appointment and to

authorise the calling for applications for an Assistant Instructor to fill the position formerly occupied by Mr. A. E. Williams. (Mrs Sutton & Lynch)

Housing of Dr. Fern's collection of aboriginal weapons.

Mr. Sutton reported that an inspection of the Museum had been made to see what space would be available for the suitable housing of Dr. Fern's collection. It was found that the Museum was in a most unsatisfactory condition and no advertisement to any of the parties interested in it. In his opinion it should either be cleaned up or closed.

It was resolved that the City Council be notified that before Dr. Fern's offer be accepted a committee representing the various interested bodies be called together for the purpose of inspecting the facilities available and to consider ways and means.

(Mrs Sutton & Lederman)

School Council's Representatives

It was resolved that the President and Mr. G. K. Sutton represent the School Council on this Committee.

(Mrs Lederman & Branland)

Classification of Registrar

The President said that the Finance Committee had discussed the position of the Registrar and had recommended
