General Business.

Initiation Ceremony.

Mr. Bealand reported that according to the best of his information disgraceful behaviour occurred at the Initiation Ceremony held at the School on Friday 22 February and in his opinion the Council should take action in the matter.

The Principal said that the Discipline Committee had discussed the proposed ceremony with the senior members of the Student's Association some days beforehand and had imposed certain conditions and restrictions.

Unfortunately it appeared that a certain part student who had just returned from Active Service took the chair of the proceedings and certain incidents of a regrettable nature occurred. The Discipline Committee were at present investigating the matter and would submit a report.

After considerable discussion it was resolved that the Discipline Committee be asked to supply information that the Council strongly disapproves of the objectionable happenings and that they be asked to submit a report on the proceedings (Mrs Bealand & BA John)

27-2-46 Electric Welding

Mr. Bealand said that he had been informed that 12 students had been enrolled for Electric Welding but only six bays were available for practical work.

If this were so he felt that some provision should be made to enable these lads to gain the necessary practical training for which they had paid their fees.

It was resolved that the Principal make arrangements for these students to gain practical training. (Mrs Bealand & Jones)

The Principal said that he was going to interview the Disposals Board during the coming week regarding equipment for these and other classes.

It was resolved that the Principal compile a list of equipment that can be obtained through the Disposals Board. (Mrs Lynch & Dederman)

It was decided that Mrs Lane and Callow be the Visiting Committee for the ensuing 3 weeks, Mr Lane to act as Convener.
