Disposals Board and Equipment
The Principal reported that he had interviewed officials of the Commonwealth Disposals Board regarding equipment for Welding and other classes. He found that the Education Department had provided a sum of £5000 and had appointed a committee consisting of three Principals of Metropolitan Technical Schools who would purchase equipment on behalf of all technical schools.

Electric Welding

The Principal reported that an assistant instructor had been obtained from the Railway Workshops to fill the vacancy caused by Mr J. Chandler's transfer to Melbourne Technical College.

Additional equipment would be obtained from the Education Department or the Disposals Board.

Accommodation

Mr Johnson reported that Mr H. Jolly, Art Inspector, was to visit the school on the 27th March for the purpose of examining the position regarding accommodation for Junior Technical School pupils.

20-3-46

Visiting Committee's Report.

Mr Farr reported that he had been unable to arrange a time suitable to Mr. Ballou but had inspected the administrative block and the grounds himself. Lectures were in progress in the classrooms so he confined his inspection to the grounds. Here he found the garden plots in good order. He found that a light at the top of the last flight of steps and another above
