General Business Applications for position of Principal
The President reported that thirteen
applications had been received as
the result of advertisements in
the daily newspapers. The Finance
Committee had reduced these
applications to three and had
interviewed Mr A. A. Robertson,
Superintendent of Technical Education
in Tasmania who was number one
on the list. Mr Robertson had
excellent qualifications and experience
for the position and had impressed
the Finance Committee very
favourably. The difficulties in
connection with his appointment
were that he asked for the maximum
salary, removal expenses and
the provision of a suitable house.
In regard to the first mentioned
request, the Director (Mr J. A. Seitz)
had stated that there was a
precedent for such an appointment
