Instructor in Charge - Mechanical EngineeringBusiness

Mr. Sydney M. Sears of Melbourne Technical College presented himself for interview and satisfactorily answered all questions. He stated that he would have to consult the Head of his department at Melbourne Technical College before he could give a final decision but would do so by the end of the week.

It was decided that if Mr. Sears was prepared to accept the position a recommendation for his appointment would be forwarded to the Education Department.

This concluded the business and the meeting closed.
