

23-9-47 by leading technical colleges here and overseas. He agreed that the first step should be the erection of a new building on the Court House site. Members of the Council were much impressed by Mr Everett's rough plan and it was resolved that the Education Department be requested to ask the Chief Architect to prepare plans for the future development of the school on the good site with provision for the first unit embodying Electrical Engineering Chemistry and Engineering Drawing departments on the old Court House site.

(Mrs Lederman & Nicholson)
The President thanked Mr Everett for his interest in the school and assured him that if the letter to the Education Department did not bring results it would be followed by an interview with the Minister.

Apologies were received from Mrs Lamy, Kibson, Jones, John and Sutton.

Appointment of Principal.

The Chairman referred to correspondence from the Education Department and said that the Council had been called on to make a decision regarding the appointment of a Principal. The Council was more than satisfied with the way Mr Richards was carrying out the duties as Acting Principal and would be very happy if he would carry on. The Chairman then read a letter from the University which stated that the recognition granted by that body would be continued if Mr Richards were to continue to act as Principal.

Mr Richards said that he was prepared to carry on as Acting Principal if the Council wished him to do so. However, he felt
