

14-9-48

Visiting Committee's Report.

Mrs Jones and Smail reported that an inspection of the Junior School and grounds had been carried out on the previous day and an inspection of the Bookmaking Department that evening. They found everything in good order and the students appeared to be very interested in their work. The garden and grounds were neat and tidy for this time of year.

A class of 25 boys was in session in the room off the Battery previously occupied by the Wool classing classes. Whilst the conditions were all right this weather they were of the opinion that the building would be very hot in the summer time.

The visit had proved to be very pleasing and interesting.

The report was received and adopted. (Mrs Sederman & Ballou)

Business out of reports

Time limit on Diplomas

It was resolved that the period of ten years recommended by the Board of Examiners as the time limit from the commencement of a Diploma Course under a particular syllabus until completion of that course be referred back to the Board for reconsideration in view of the time limit laid down by the Education Department for its Diplomas. (Mrs Sederman & Kibson)
