General Business Retaining wall at Plumbing Building and approach to Junior Technical School

Mr. H. H. Kern said that during a recent visit to the Junior School he had noticed the rough and water worn surface of the drive.

The Principal said that this matter had been brought under the notice of the Education Department some time ago but so far no action had been taken.

It was resolved that the seepage from the retaining wall near the Plumbing building and the dangerous state of the Junior Technical School drive be reported to the Education Department with a request for early attention. (Brook Nicholson & Savage)
