Foremanship Training

The President reported that as the result of enquiries made by himself and the Principal it had been found that there was a feeling of apathy among operatives. In the circumstances it was recommended that the matter be deferred for further consideration in the beginning of 1950. The recommendation was agreed to.

Reports

The Principal's Report was read received and adopted.

Received: Mrs Hodgman & John

Adopted: Mrs Jones & Harry

The report of the local auditors for the period ended 30 April, 1949, was read and received. (Mrs Farr & Bealand)

Visiting Committee's Report

Mrs Jones reported that an inspection of the engineering laboratories and Trade Shops was made by Mr Sutton and himself on the 8th June.

They found everything to be in very good order and were much impressed by the low loss of tools. In their opinion this reflects much credit on the staff.

In the Machine Shop they found that the tool room, which used to occupy a position in the middle of the Shop, had been transferred to the east wall with excellent results.

The report was received and adopted (Mrs Shorr & Galloway)
