

21-9-49

so poor that students had to work with doors and windows open. They felt that the Public Works Department should be asked to treat this matter as urgent. The Student's Room was re-inspected and was found to be more of a meeting and recreational room than formerly, owing to the excellent facilities in the library for reading and study.

They recommended that some consideration be given at a later date to the provision of better seating accommodation.

The Visiting Committee's Report was received and adopted.

(Mrs. Lederman & Lyall)

Business Presentation of Draughting Table and Accessories
out of reports. The President asked Mr. B. John to convey to his co-directors the deep appreciation of the School Council for this valuable gift.
Repairs to Buildings Furniture etc.

It was resolved that the matter of repairs to buildings and furniture as set out in the Principal's Report be left in the hands of the Principal for attention.

(Mrs. Beanland & Lawry)

Maintenance Carpenter

It was resolved that the Education Department be requested to approve the appointment of a maintenance carpenter who would, in addition to undertaking repairs to buildings and furniture, be able to prepare timber for carpentry classes and assist in the construction of experimental apparatus as required.
