- 7. That the various Technical Schools associated with the training endeavour to ensure for the Department a steady flow of recruits for the course from within their zone.
- 8. That the policy at present in operation here and elsewhere of providing lectures by leading artists and of visits to art exhibitions and galleries be continued.

My Council feels confident, Sir, that these suggestions will make for the improvement desired by the Director, and considers that a sincere attempt should be made along the lines indicated before the proposed extreme step of centralization be resorted to.

Details of our proposals are being forwarded to our Parliamentary representatives and to the Principals of the Technical Schools at Bendigo and Geelong.

Yours faithfully,

E. J. Tippet.
President.
