Appointment of Instructor in Civil and Mining Engineering

The President reported that Mr. V. Belikov who had been interviewed on 23rd February had since withdrawn his application. This left only Mr. Bargreaves and a letter had been received from him stating that he and his family were leaving Norrcman, West Australia, and expected to arrive in Ballarat on Wednesday, 5th April. The letter also stated that Mr. Bargreaves had been offered another position where a house would be available at an early date.

It was resolved that Mr. Bargreaves be offered the appointment of Instructor in Charge of Civil and Mining Engineering when he arrives next week and that the matter be left in the hands of the Principal to finalize
