 The President reported that the Finance Committee had considered this matter at a meeting held on 17th April in the light of figures supplied by Mr. R. Hyall as the result of a recent survey. Mr. Hyall's figures disclosed that the numbers of eligible students who would be seeking enrolment in the next 10 years increased from 120 in 1951 to 193 in 1960. These figures were an absolute minimum and did not take into consideration any increase in the present population.
