Typing Committee's Report

Mr. Stoker reported that an inspection
of the Junior Technical School and grounds
and the Poshery Department had been
made by Mr. Kibson and himself on
Monday, 18th June.

They found everything in excellent
order with the exception of the south
side of the grounds. The asphalt path
leading to the grounds was very
dangerous owing to its slippery surface.
They had been informed that the Public
Works Department had this matter in hand
