

18-7-51 School entrance gates was in a bad way. The fall was in the wrong direction and water could not drain away. They strongly urged an approach to the City Council as some hundreds of students used that path every week on their way to and from Wesley Hall for physical training.

Mr Wynn said that from his observation students attending trade classes in their own time and at their own expense appeared to be more enthusiastic than apprentices who attended classes in their employers' time and had their fees refunded. He also wished to report that the heating of the classroom on three nights for motor mechanics was not satisfactory.

The report was received and adopted.

Extensions to Junior Technical School.

The Principal said that suggested additions to the original plan had been passed on to the Public Works Department and as the result of a recent visit by the Assistant Chief Architect and the District Architect he felt that early action looked hopeful.

Central Boiler House

The Principal said that the site at suggested the rear of the Chemistry Building suggested to the Public Works Department had been examined by the two Architects during their recent visit. Whilst they favoured the accessibility of the site they expressed doubts regarding the nature of the

18-7-51 ground and the thrust that would be placed on the retaining wall near the southern end of the Machine Shop.

After a discussion it was resolved that the Department be informed that the School Council favours that site and suggests that an examination of the ground be made to determine its suitability.

Parents and Friends Association
It was resolved that a letter of commendation and best wishes be forwarded to the committee of this recently formed Association (Messrs Stohr & Nicholson)

Footpath in Albert Street.

It was resolved that Wesley Church Trustees be invited to join with the School Council in requesting the City Council to asphalt this path from the corner of Dana Street to the school entrance gates, on the basis of 50% of the cost, and in the event of the Trustees declining, that the City Council be requested to grade and gravel the path.
