

21-10-53 Junior Technical School

The Principal, said that the approved extensions to the Junior Technical School would provide additional accommodation for cloaks, lockers etc and the need for an early start on these extensions had been discussed with the Board of Inspectors during their recent visit. Mr Pearson said that in his opinion the new school in Norman Street should be given first priority to relieve pressure on the present school.

As far as he was aware the acquisition of land in Norman Street had reached a standstill owing to shortage of funds.

It was resolved that the Education Department be requested to inform the Council as to the position regarding the proposed new Junior Technical School in Norman Street. ~~It was also decided~~ regarding extensions to the present school until the next meeting when a reply from the Department should be available.

(Clerk Lynch & Pearson)
Junior Technical School fence

It was decided to ask the Education Department to arrange with the Public Works Department to have the galvanised fence on the road side painted.

Resignation of Mr W. Baragwanath O.B.E.

It was resolved that Mr Baragwanath's resignation be accepted with regret and that he be thanked for his many years of service to the school.
