

23-2-55 Junior Technical School to be present at the next meeting of the Council.

Old Court House

The Principal said that the proposition to erect a second floor in the main part of this building had recently been re-opened by a visit of an officer of the Public Works Department.

Apparently the Public Works Department was prepared to erect such a floor but pointed out that artificial lighting would then be the sole illumination on the bottom floor. It was resolved that no objection be offered to this condition.
