Business Norman Street Railway Crossing

It was resolved that the Education Department be informed that the school council has not contacted the Railway Department or local Municipalities regarding this matter as it was felt that an approach by the Education Department would carry most weight.

(Mrs Pearson & Spail)

Improvements to road in Norman Street.

The President said that Mr A. J. White, C.P.A. had informed him that the Chairman of the Country Roads Board was interested in the re-construction of this road and would give sympathetic consideration to a request by the Bungee Shire.

The President also said that he intended to contact the Secretary of the Bungee Shire regarding the next step to be taken. It was resolved that the matter be left in the hands of the President and the Principal.
