

19-10-55 Meica-Smith Travelling Scholarship.

After a brief discussion along the lines that a past student of the school, who had successfully completed a Diploma course, would be selected for the award of this scholarship, Mr. Linaker drew attention to the wording of the extract from the Will of the late W. H. Corbould in which the word student appeared in several clauses. He questioned whether a past student <sup>would be</sup> eligible. It was then resolved that the President, Mr. L. K. Sutton and the Principal examine the wording of the clauses in the Will and report to the next meeting of the Council.

(Mrs Ballou & Lynch)

(Mrs Bealand & Smith)

Refund of fee

It was resolved that Mrs. R. Pascoe be granted a refund of 15/-, being half the fee paid for the current term.

(Mrs John & Bealand)

Application to graze sheep in grounds of Ballarat North Junior Technical School.

In discussing this matter it was felt that it would be an advantage to reduce fire hazard by grazing sheep in the grounds providing the owner of the sheep is prepared to erect a light fence to prevent the sheep creating a nuisance around the buildings.

It was then resolved that the matter be left in the hands of the Principal to suggest this safeguard to the Education Department.

(Mrs Wyles & Lynch)
